Working Fire 240 Main Street 5/26/2009

On May 26, 2009 at 12:17, the Pelham Fire Department was dispatched to 240 Main St for a Building Fire with heavy black smoke and fire coming from a single family home. The homeowner had discovered the fire when he came home for lunch. Engine Company 3 arrived on scene found heavy smoke coming from the eaves of the building, then began fire attack. Pelham's Fire Chief James Midgley called for a Working Fire response. Mutual aid departments had responded from Hudson, Windham, Salem and Dracut. Company 3 encountered heavy smoke and fire on the first floor. The Fire was contained to the room of origin. A 4'x 6" hole had burned thru the area of origin to the basement. The fire was brought under control using two hose lines at 13:09. There were no injuries sustained by Firefighters or civilians. The cause is under investigation at this time.
