ARTICLE 59 To see if the Town will vote to establish a capital reserve fund pursuant to RSA 35:1 for the purchase of a new ambulance, and raise and appropriate from surplus, the sum of $21,000 to be added to the new Ambulance Capital Reserve Fund and authorize the use/transfer of the December 31, 1991 fund balance for this purpose. **(RECOMMENDED BY THE BOARD OF SELECTMEN) (RECOMMENDED BY THE BUDGET COMMITTEE)**

ARTICLE 60 To see if the Town will vote to proclaim its full support for the United States of America and allied forces serving in the Persian Gulf under the auspices of United Nations resolution #678. **(BY PETITION)**

ARTICLE 61 Whereas, although the right of free expression is part of the foundation of the United States Constitution, very carefully drawn limits on expression in specific instances have long been recognized as legitimate means of maintaining public safety and decency, as well as orderliness and productive value of public debate; and

Whereas, there are symbols of our nation such as the Washington Monument, the United States Capitol Building, memorials to our greatest leaders, and our flag, which are the property of every American and are therefore worthy of protection from desecration and dishonor; and

Whereas, the law as interpreted by the United States Supreme Court no longer accords to the flag the reverence, respect, and dignity to which it is entitled; and

Whereas, it is only fitting that people everywhere should join in a forceful call for the restoration of the flag to its proper station under law and decency;

Now therefore be it resolved, that the voters of the Town of Pelham respectfully request the Congress of the United States to propose an amendment of the United States Constitution, for ratification by the states, specifying that Congress and the states shall have the power to prohibit the physical desecration of the flag of the United States. **(BY PETITION)**

1985 TOWN REPORT

Cemetery Lot Repurchase Capital Reserve

Established 2006

Warrant Article 31

To allow Cemetery Trustees to repurchase unused lots from families

ARTICLE 30:

Shall the Town vote to raise and appropriate the sum of $152,230 for the Cemetery Department for the purpose of constructing garage space for equipment along with space for a small office, bathroom and meeting room? This will be a non-lapsing account per RSA 32:7 and will not lapse until the project is complete, or in two years, whichever is less. (Recommended by Cemetery Trustees) (Recommended by Budget Committee) Jeannette McCoy explained the need for this garage and that they already have the land for this at the very back of the cemetery. I direct the Clerk to place Article 30 on the official ballot to be voted on at the second session of this meeting on March 14, 2006.

ARTICLE 31:

Shall the Town vote to create a Cemetery Lot Repurchasing Capital Reserve Fund and authorize the Cemetery Trustees as agents to expend and to raise and appropriate the sum of $2,500 to be placed into this fund? (Recommended by Cemetery Trustees) (Recommended by Budget Committee) Richard Jensen explained that they purchase back lots for $100 and resell them for $400. That money goes back into the Town. At the present time they are taking the money out of the operating budget when someone comes in. They do not want to put it into the operating budget because if we don't spend it and we have an emergency it will get misspent. I direct the Clerk to place Article 31 on the official ballot to be voted on at the second session of this meeting on March 14, 2006.

A motion was made to restrict reconsideration on all articles through Article 31.

Steven Nowe made a motion to take up Article 37 next. It was seconded. The reason being is that we have a handful of people, it is getting late and would like them to take part in this. The motion was defeated.

ARTICLE 32:

To see if the Town will vote to raise and appropriate the sum of $16,655 to upgrade the Library's Children's Librarian position from part-time to a full-time position to respond to increasing demand for children's services in the Library. This amount represents the cost of a benefit package from April 1, 2006 through December 31, 2006, after which, if the package is approved, the benefits will be funded through the town's operating budget. The estimated cost for a full year of these benefits at 2006 rates is $22,269. (Recommended by Library Trustees) (Not Recommended by Budget Committee) Sue Hoadley spoke on this article saying that the by increasing the hours from part-time to full-time they would be able to respond to the growing demand and adequate level for children's services. I direct the Clerk to place Article 32 on the official ballot to be voted on at the second session of this meeting on March 14, 2006.

ARTICLE 33:

Shall the Town vote to raise and appropriate the sum of $30,000 to pay for the cost to clean up an illegal tire dump including oversight costs and the costs of disposing of tires and other unsuitable materials located in a portion of the J. Albert Lynch addition to the Elmer G. Raymond Park? (Recommended by Selectmen) (Recommended by Budget Committee) I direct the Clerk to place Article 33 on the official ballot to be voted on at the second session of this meeting on March 14, 2006.

A motion was made to restrict reconsideration on Articles 32 and 33.

Hi Joyce,

I emailed Barbara Stadtmiller and Dan Guimond, our trustees at the time and although Dan doesn't ever remember seeing the check, Barb does and remembers putting it aside for the next deposit and is afraid that somehow it got missed.

They asked that I have you void the original check and issue a new one since the old one would probably no longer be able to be deposited because of the date.

We have 3 new trustees that will have been elected so you could just send it to my attention at the Selectmen office and I'll forward it to the appropriate individuals.
Does this work for you? Any questions, give me a call at 603-508-3072.

Thanks.

The property is a right of way and is only 50 feet wide and 480 feet long and of no use to the town. To see if the town will vote to donate the old town hall,5 Main Street, to the Veterans of Foreign Wars of the US, Pelham Memorial Post 10722. For the purpose of no longer burdening Pelham taxpayers with any and all cost associated with this building, its maintenance or upkeep. For the purpose of providing Pelham's Veterans of Foreign Wars of the US with a permanent home in which the VFW can expand membership, community activities and involvement. a) Donating old town buildings to non-profit veteran's organizations has happened for hundreds of years as Pelham itself donated an old school 52 years ago to the American Legion. b) Pelham has hundreds of brave Veterans who have represented our country and community in many foreign wars and conflicts. They fought not only to protect our country but also the principles and form of government that these buildings represent. c) Donating this building will assist the VFW's objective of ensuring that the stories of those years are taught to our community, so history is remembered as accurately as possible from those who were actually there. d) To protect Pelham we insist the deed have the following two restrictions: (1) The VFW can not sell the building (2) If the VFW ever disbands the building would be returned to the town of Pelham. These restrictions are similar to those in which citizens who donated buildings or property to the town have required, ensuring the building or property will always remain a part of Pelham. Memorial Fund

Scoutmaster, Troop 610
Scoutmaster, Troop 25
Elmer G. Raymond Memorial Park
Keyes Hill Road
Pelham, New Hampshire

Dear Scoutmasters:

H. Tracy Davis died on July 15, 1988 while serving as a Boy Scout summer camp leader in Rhode Island. The H. Tracy Davis Memorial Fund was established by his friends to memorialize his many contributions to the Pelham Boy Scouts.

Tracy was a strong believer in the goals and principles of Scouting and felt that every Scout should strive to become an Eagle Scout. The Trustees of the H. Tracy Davis Memorial Fund have determined that it would be a fitting memorial to Tracy for the Fund to sponsor or co-sponsor Eagle Scout Courts of Honor and Eagle Scout Projects.

In keeping with the forgoing decision, the Trustees of the H. Tracy Davis Memorial Fund have turned over all of the contributions collected by the Fund to the Trust Fund Trustees of the Town of Pelham to be invested and administered pursuant to the laws of the State of New Hampshire (RSA 31:19 et seq.).

At least once each year the Scout Committees of Pelham Boy Scout Troops 25 and 610 shall meet and determine how many Eagle Scout Courts of Honor and Eagle Scout Projects are planned for the ensuing year by their respective Troops. Income from the H. Tracy Davis Memorial Fund will be first allocated by the Scout Committees for the sponsorship or co-sponsorship of Eagle Scout Courts of Honor.

If no Eagle Scout Courts of Honor are anticipated for the ensuing year, or if the Courts of Honor that are anticipated will not require all of the income generated by the Memorial Fund, the income from the Fund may be allocated by the two committees to sponsor or co-sponsor Eagle Scout Projects.

Post Office Box 639, Pelham, New Hampshire 03076-0639

Once the two Scout Committees have determined how the Memorial Fund income shall be spent, the Chairmen of the two Committees shall write a single letter signed by both to the Trust Fund Trustees of the Town of Pelham instructing the Trust Fund Trustees as to how and when the income from the H. Tracy Davis Memorial Fund shall be paid for the ensuing year.

It is recognized that in any given year only one Scout Troop may have an Eagle Scout Court of Honor or Eagle Scout Project. However, it is the intent of the Trustees of the H. Tracy Davis Memorial Fund that over the long term the income from the Memorial Fund will be distributed as equally as possible between both Troop 610 and Troop 25. It is also their intent that any income not spent in a given year will be carried over by the Town's Trust Fund Trustees and be spent by the Scout Troops in subsequent years for the two purposes stated herein.

The Trustees of the H. Tracy Davis Memorial Fund direct that whenever an Eagle Scout Court of Honor or Eagle Scout Project is sponsored or co-sponsored by the Fund, the printed program for the Court of Honor shall publicly acknowledge the sponsorship or co-sponsorship by the Fund.

CAPITAL RESERVE FUND

Motion to pass over as zero amount appropriated.

ARTICLE 35 (By Petition) (Conduct survey to identify mosquito breeding sites.) Joe Fournier recommended passage of this article. He explained that the goal would be to try to eliminate breeding conditions for mosquitos. A commission would be established to study conditions etc. Hal Lynde spoke against the motion. He felt we may not cure the problem but intensify it. Question called. Vote on the article--failed.

ARTICLE 36 (Forest Committee)

Moved and seconded. Hal Lynde explained in depth the basic three articles that the town had investigated when trying to develop a better management program for the town woodlands, and to use the timber cut from the land to be sold for firewood for the residents. It was necessary to: 1) establish a commission for the purpose of supervising woodcutting on town land. 2) Authorize the town to cut and sell wood. 3) Establish a town forest and to be designated as the Arthur H. Peabody Memorial Forest. Mr. Koerner then made the following amendment. That at the end of the article the following words be added. "The findings of the committee, rules and regulations, must be presented at a public hearing before action can be taken." Vote on the amendment passed in the affirmative. Vote on the article passed as amended.

ARTICLE 37 (Authorize Town to cut and sell wood)

Moved and seconded. Passed in the affirmative.

ARTICLE 38 (Establish Town Forest to be designated as the Arthur H. Peabody Memorial Forest) Moved and seconded. Passed in the affirmative.

ARTICLE 39 (By Petition) (Disapproved by the Budget Committee)

Move to pass over. Seconded. Passed.

ARTICLE 40 (By Petition)

Move to pass over. Seconded. Passed.

ARTICLE 41 (Authorize Withdrawal of Revenue Sharing Fund)

Moved and seconded. Passed in the affirmative.

ARTICLE 42 (Authorize Selectmen to apply for, accept and expend money from State, federal or another governmental unit)

Moved and seconded. Norman Lawrence asked if this applied to trust funds left to the town during the year? Mr. Currier replied that this does not apply to this article. Article passed in the affirmative.

ARTICLE 43 (Authorize Board of Selectmen to apply for, negotiate for State or Federal Funds)

Moved and seconded. Passed in the affirmative.

This completed the budgetary figures under Article 9 and the figure of $1,290,441.64 was moved as the total budget figure for the year of 1980. Seconded. Mr. Lynde then made a motion to amend the total figure by an increase of $3000. Seconded. The reason was to increase the figure to the dog officer appropriation. The moderator replied this was for reconsideration. The figure of $1,290,441.64 was submitted as the final budget figure. Motion carried. Mr. Lynde

Ed, In response to your questions...

The records I have seen do not show any proceeds from Raymond Park going into the Forestry Committee's fund.

The 1400 acres referred to in the warrant article is taken from a 1983 report by NRPC that itemized all of Pelham's town owned land. The 1400 acres is the amount NRPC recommended be set aside for conservation purposes and included Camp Alexander (now PVMP), Scout Lots (Raymond Park), Peabody and Muldoon.

From the records I have seen, proceeds from harvesting since the enactment of the warrant article have gone into the Forestry Committee's Trust account with the exception of proceeds from Raymond Park.

RSA 31:113 authorizes the Forestry Committee to collect and disperse funds for forestry activities. See also Article 44 of 1994, for example.

I hope this helps. I have asked the other committee members to let me know if they have any further information. Will pass it along.

Deb:
Mary and I have been doing an extensive review of the Trusts and a couple of items have arisen which we need help on.

1. Is the Elmer G. Raymond Memorial Park officially included under the Town Forests.
   We ask this because the original Capital Reserve Fund for that park specifically states the proceeds from the sale of gravel, timber and hardwood are to be placed in that fund.
   We don't know when the last harvest was or whether the proceeds were put there or in the Forest Management Fund. It looks as if any proceeds from current or future harvesting should go specifically to that CRF. The current balance is only $11,507, so it looks like they haven't been.

2. Our records indicate the Forest Management Plan was enacted by Warrant 33 of 1992, funded with $9,234 and spoke of 1400 acres, but our records are silent on the particulars, especially what areas are involved, how proceeds would be deposited and dispensed. The current balance is $178,648, so it would seem all harvesting occurring since it's enactment have been deposited in that account.
   The real question is; do you have any records or direction on whether an expendable trust fund/CRF was formally established to authorize the receipt and disposition of funds accumulated under the plan?
   Right now we can see no vehicle which was approved by the voters to do this.

   Please let me know if you can provide any help.

A motion was made and seconded to restrict reconsideration on Article 8. The motion to restrict reconsideration was adopted.

Before break, a point of order was discussed. Father Ed Richard was disturbed that the integrity of the counters chosen was challenged because of their affiliation with the school district. Moderator Currier concurred that he would not grant a request to ask only non-members of St. Patrick's Church to count the Warrant Article vote, should a hand-count be necessary. He defended his position by arguing that impartiality could just as well be compromised in the opposite direction.

Moderator Currier took the opportunity to acknowledge the efforts of Don Guilbeault and the custodial staff, Mrs. Robertson and her staff, the election staff and the supervisors that man the check lists.

Moderator Currier repeated that a motion to restrict reconsideration meant that, should the voters move to reconsider a vote later in the evening, discussion could not be recommended for a least seven days.

Article 9:

To see what sum the Pelham School District will vote to raise and appropriate to fund all new cost items for the 1992-93 school year, attributable to the collective bargaining agreement between the Pelham School Board and the Pelham Education Association.

Mr. Lavallee spoke against this Article because it contains no definite money figure.

Article 9 was defeated by voice vote.

Mr. Greenhalgh moved to restrict reconsideration on Articles 6, 7, and 9. The motion was seconded and adopted by voice vote.

Article 10:

To see if the Pelham School District will vote to create an expendable general fund trust under the provisions of RSA 198:20 c, to be known as the school buildings maintenance fund for the purpose of repairing and maintaining school buildings. Furthermore, to name the Pelham School Board as agents to expend; and to raise and appropriate the sum of Ten Thousand Dollars ($10,000) toward this purpose. Expending such funds may not occur until and unless the school board has conducted a public hearing prior to expenditure.

Mr. Lavallee explained that the $10,000. contingency fund for emergencies is necessary. He stated that if this fund had been in place five years ago, repairs made in a timely manner to the Sherburne School roof might have extended its wear.

Article 10 was adopted by voice vote to raise $10,000.00.

-ynde questioned why this article was before us again this year?

Bean replied that this article was voted down last year but it is a requirement to go along with the er school warrant article.

Currier read Article 13 as follows:

:e if the Pelham School District will vote to raise and appropriate Forty-Nine Thousand Dollars ,000). Said sum of money being the amount necessary to replace two entrance doors and frames he gymnasium roof at Memorial School. All specifications will be reviewed by the building :ctor prior to inviting bids and the building inspector will review the project upon completion. appropriation is scheduled on the Pelham Capital Improvement Plan for 1999.
ommended by the School Board) (Recommended by the Budget Committee)

(Estimated tax impact $.09)

-avallee explained the necessity of the new doors and roof.

: was a motion made to restrict Articles 11, 12, and 13. This was in the positive.

Currier continued with Article 14:

ee if the Pelham School District will vote to raise and appropriate Seventy-Five Thousand Dollars 000). Said sum of money being the amount necessary to install horns, strobes and lights in all Pelham schools in compliance with the Americans with Disabilities Act. All specifications will viewed by the building inspector and fire chief prior to inviting bids and the building inspector ire chief will review the project upon completion. This appropriation is scheduled on the Pelham al Improvement Plan for 1999.
ommended by the School Board) (Recommended by the Budget Committee)

(Estimated tax impact $.14)

Bean said that on this article the money allocated for Sherburne School, about $15,000, would not ent if the new elementary school was built and the money returned to the taxpayers.

Bourque asked the Board why they were not pursuing money from the Trust Fund to offset some :penditures for the school.

Bean answered that the Board chooses not to do so at this time.

Casey made a motion to amend Article 14 to add this amendment to the end: "If Article 2 passes, ioney scheduled for Sherburne School would be slotted for the new school".

arris said that the new school has already been budgeted for the new equipment and thus Mrs. withdrew her amendment and offered this one: "In the event that Article 2 passes in the iative, then the funds scheduled in this article for Sherburne School shall be returned to the al Fund".

1999

This amendment passed in the affirmative and will appear on the ballot.

Mr. Currier read Article 15:

15. To see if the Pelham School District will vote to establish a maintenance capital reserve fund, for the purpose of repairing and maintaining the District's school buildings. Furthermore to name the School Board as agent to expend from this fund and to raise and appropriate One Hundred Thousand Dollars ($100,000) toward this purpose.
(Recommended by the School Board) (Recommended by the Budget Committee)

(Estimated tax impact $.04)

The explanation here is to have this money available for future years.

The body felt, and the Board agreed, to adjust the tax impact figure to have it appear correctly on the ballot in March.

Mr. Bourque asked not to set up another trust fund, as we are not using the funds available to us now.

Mr. Lynde agreed and made a motion to adjust the figure to $25,000 and the tax impact to .04 cents but the amendment failed and the amount will remain at $100,000.

A motion was made to restrict reconsideration on Articles 13 through 15 and it was in the affirmative.

Mr. Currier continued with Article 16 as follows:

16. To see if the Pelham School District will vote to raise and appropriate Seventy-Three Thousand Seven Hundred Dollars ($73,700). Said sum of money necessary to establish a state of the art business computer lab at Pelham High School, expanding library resources at Pelham High School, and increasing media access at Pelham Memorial School. This equipment will consist of PC workstations, laser printers, ink jet printers, CD Towers and software. Selection and purchase will be jointly performed by the Pelham School District Technology Committee and Pelham School Board.
(Recommended by the School Board) (Recommended by the Budget Committee)

(Estimated tax impact $.14)

Mr. Caynon explained that this warrant came out of the work done by the Technology Committee and the need for these computers at the high school. Students can apply their knowledge to the real working world.

Debate was limited and a motion was made to restrict reconsideration on Article 16 and it was positive.

We then proceeded to Article 17 and Mr. Currier read as follows:

17. To see if the Pelham School District will vote to raise and appropriate Eighteen Thousand Dollars ($18,000). Said sum of money being the amount necessary to expand parking area and increase the number of parking spaces at Pelham High School from 192 to 292 spaces.
(Recommended by the School Board) (Not recommended by the Budget Committee)

(Estimated tax impact $.03)

Mrs. Lazarus explained the parking problem at the high school and also that students can no longer park on the street.

Another voter expressed concern that he had been in the high school for evening meetings when the heat was turned up high. He wondered why the heat had to be on twenty-four hours a day.

A contractor in the audience questioned why the town would have to pay for a feasibility study when heating contractors would do this research for free.

Mr. Greenhalgh, Melody Lane, replied that impartiality is the most important aspect of this study. We could not expect this from a contractor who wants the work.

Article 7 was adopted by voice vote to raise $4,000.00.

Article 8:

To see if the Pelham School District will vote to raise and appropriate the sum of Forty Three Thousand, Eight Hundred Forty-Six Dollars ($43,846). Said sum of money being the amount necessary to fund salary increases and salary related costs for all support and administration staff for the school year 1992-93.

Mr. Lavallee introduced the Article by explaining that the Budget Committee did not recommend adoption of this Article because the contract for teachers is not settled and is level-funded. Last year, this group received a 4% increase, and did not want to set a precedent.

Mr. Rowe countered by saying that the cost of living increased 4.6%, so that this 3.8% increase is not excessive. This Article would grant a raise to the following groups of employees who are all non-union: 3 principals, 2 vice principals, custodians, aides, including those in Special Education, secretaries, and lunchroom workers. He concluded by saying that we have an obligation to take care of this group.

Mr. Marcinkowski felt that this vote could be delayed and taken up at the special meeting for the teachers' raises.

Mr. Farris said that there should be support for families in this town, and that many of them went without raises over the past two years.

Mrs. Eleanor Burton, Sherburne Road, countered with the argument that support staff may have received raises, but many of them had their hours cut, so they in fact did not get a raise in their salary.

After a voice vote was heard, a hand-count was requested. The vote was as follows:

177 yes
262 no

439

Article 8 was defeated.

1992

A motion was made and seconded to restrict reconsideration on Article 8. The motion to restrict reconsideration was adopted.

Before break, a point of order was discussed. Father Ed Richard was disturbed that the integrity of the counters chosen was challenged because of their affiliation with the school district. Moderator Currier concurred that he would not grant a request to ask only non-members of St. Patrick's Church to count the Warrant Article vote, should a hand-count be necessary. He defended his position by arguing that impartiality could just as well be compromised in the opposite direction.

Moderator Currier took the opportunity to acknowledge the efforts of Don Guilbeault and the custodial staff, Mrs. Robertson and her staff, the election staff and the supervisors that man the check lists.

Moderator Currier repeated that a motion to restrict reconsideration meant that, should the voters move to reconsider a vote later in the evening, discussion could not be recommended for a least seven days.

Article 9:

To see what sum the Pelham School District will vote to raise and appropriate to fund all new cost items for the 1992-93 school year, attributable to the collective bargaining agreement between the Pelham School Board and the Pelham Education Association.

Mr. Lavallee spoke against this Article because it contains no definite money figure.

Article 9 was defeated by voice vote.

Mr. Greenhalgh moved to restrict reconsideration on Articles 6, 7, and 9. The motion was seconded and adopted by voice vote.

Article 10:

To see if the Pelham School District will vote to create an expendable general fund trust under the provisions of RSA 198:20 c, to be known as the school buildings maintenance fund for the purpose of repairing and maintaining school buildings. Furthermore, to name the Pelham School Board as agents to expend; and to raise and appropriate the sum of Ten Thousand Dollars ($10,000) toward this purpose. Expending such funds may not occur until and unless the school board has conducted a public hearing prior to expenditure.

Mr. Lavallee explained that the $10,000. contingency fund for emergencies is necessary. He stated that if this fund had been in place five years ago, repairs made in a timely manner to the Sherburne School roof might have extended its wear.

Article 10 was adopted by voice vote to raise $10,000.00.

Whereas the people of Pelham today struggle to support an educational program for our youth that requires the application of 79% of our local financial resources.

Therefore the people of the School District of Pelham assembled in Annual School District Meeting urge the strongest possible support of these study recommendations, especially that for full program funding, upon our Legislature, our State Representative and our State Senator.

To name the Pelham School Board as agents to expend. Furthermore, to raise and appropriate TWENTY THOUSAND DOLLARS ($20,000). (Recommended by the Pelham School Board) (Recommended by the Budget Committee)

Mr. Kirby said that the thrust of this article is for students at Memorial School to make facility more accessible to handicapped children. The total cost being between $40,000 to $45,000 and this article being a portion. If not adopted we will have to place children our of district as building will not conform with current laws (Disabilities Act).

Mr. Kirby motioned to amend Article 7 as follows:

To see if the Pelham School District will vote to create an expendable general fund trust under the provisions of RSA 198:20C, to be known as the Pelham School District ADA Modification Fund, for the purpose of modifying school buildings as is required by the Americans With Disabilities Act (ADA); to name the Pelham School Board as agents to expend this fund; furthermore, to raise and appropriate FORTY-FIVE THOUSAND DOLLARS ($45,000) to this ADA fund in order to modify Memorial School facilities to accomodate special education students as may enroll in the Pelham "in district" special education program. Expending such funds may not occur until and unless the School Board has conducted a public hearing prior to an expenditure.

Mr. Kirby said that this would also include general handicapped access and therefore these funds would be included in the calculation concerning catastrophic aid entitlement for the Pelham School District.

This amendment was seconded from the floor.

Mr. Fox said there wasn't a time line, however, all the schools have to be done. Some effort has to be made on this accessibility for the handicapped. If not done now it will have to be done in the next few years. Mr. Kirby is correct that the bathroom here at Memorial does need attention.

Mr. Borsa does not support this amendment. We should do this, however, there is a very serious hypocrisy here at town/school meetings. The town voted to spend $100,000 on a bridge to make it historically correct. Even though the government is contributing to this bridge, we are all paying. I encourage a no vote here.

Mr. Telsey said that in Mr. Kirby chang' the wording we ha possibility of obtaining catastrophic a rom the state. T a good opportunity for us.

Mr. Bean said our schools are not in compliance and could co upwards of $100,000. We need a plan to bring all buildings compliance and also look into any federal funding. We shoul a plan for both school and town buildings, formulate a plan, calculate funds appropriately.

A motion was made to limit debate.

We are now voting on the article as amended.

A show of cards indicated approval.

Article 7 is adopted.

A hand count was requested.

For 136 Against 80

Article 7, as amended, is adopted for $45,000.

Mr. Currier read Article 8 as follows:

8. To see if the Pelham School District will vote to raise and appropriate the sum of THIRTY THOUSAND DOLLARS ($30,000). S sum of money necessary to fund one additional bus for the pu of transporting students. (Recommended by the Pelham School Board) (Recommended by the Budget Committee)

Mr. Rotondi reminded us of the cuts several years ago when w to cut transportation. However, the student population has but we have not added any new buses. This article accommoda the continued growth and building in town.

A voice vote was in the affirmative.

Article 8 is adopted for $30,000.

Mr. Currier read Article 9 as follows:

9. To see if the Pelham School District will vote to raise and appropriate the sum of TWENTY-FIVE THOUSAND DOLLARS ($25,000 Said sum of money would allow the Pelham School District to the process of replacement of windows at Pelham Memorial Sch (Recommended by the Pelham School Board) (Not Recommended by Budget Committee)

Re: Pelham School District - Richardson Will

Dear Hank:

I have reviewed the late Ruth E. Richardson's will, and it is my opinion that under the terms of that will, any student whose home is in Pelham is a possible beneficiary. For instance, it is immaterial whether the Pelham resident student attends or attended Pelham High School or a private school located in another community so long as such student attends or will attend a college or university in order to gain the qualifications to become a teacher.

I believe also that a Pelham resident attending college continues to be eligible. That is, an eligible student graduating from Pelham High School, or some other high school, could continue to be a recipient of the scholarship so long as that student maintained his or her legal domicile in Pelham.

Additionally, although I suppose that the School Board members and the Pelham High School principal might not favor such

candidate, it is my opinion that they could award the scholarship to a student who had no prior connection with the Town of Pelham until he or she moved to the Town and became a resident of the Town some time during his or her collegiate career.

I hope that this answers your questions. If not, please contact me.

Best wishes,

CHAPTER 31
POWERS AND DUTIES OF TOWNS

Trust Funds

Section 31:19-a

31:19-a Trust Funds Created by Towns. –

I. A town may at any annual or special meeting grant and vote such sums of money as it deems necessary to create trust funds for the maintenance and operation of the town; and any other public purpose that is not foreign to the town's institution or incompatible with the objects of its organization. The town may appoint agents to expend any funds in the trust for the purposes of the trust. An annual accounting and report of the activities of the trust shall be presented to the selectmen and published in the annual report.

II. Trust funds created pursuant to this section shall be revocable by majority vote of the legal voters present and voting at any annual meeting, unless the vote creating the trust expressly provides that the trust shall be irrevocable, and upon revocation the trustees of trust funds holding the account for said trust shall pay all the moneys in such fund to the town treasurer.

III. Notwithstanding any other provision of this chapter, any trust fund created under this section shall be subject to the same provisions concerning custody, investment, expenditure, change of purpose, and audit as are reserve funds established under RSA 34:1, 34:1-a, 35:1 or 35:1-c. The legal validity of such a fund properly established shall not be affected by its designation as a ""trust," ""reserve," ""capital reserve," or any other designation.

IV. The local legislative body may authorize the acceptance of privately donated gifts, legacies, and devises to be utilized for the same purposes as a trust fund created under this section; provided, however, that such gifts, legacies, or devises shall be invested and accounted for separately from, and not commingled with, amounts appropriated under paragraph I, and shall be subject to the custody and investment provisions applicable to trust funds accepted under RSA 31:19.

V. A trust fund created under the provisions of this section that is established for the purpose of maintaining health insurance funds for the benefit of employees and retired employees of any town shall be exempt from the provisions of RSA 35:8 or 34:4, and, when so established, the town may name its own trustees who may expend any funds in the trust for the payment of health claims or health insurance premiums for the benefit of any employees or retired employees of the town. An annual accounting and report of the activities of the trust shall be presented to the selectmen and published in the annual report.

As much as it pains me to email this, you are right about the 1996 article. The entire article was essentially re-written in the amendment and the irrevocable was left out. Good thing or it would last forever albeit possibly without any money in it. I had been trying to check articles against minutes but missed this one. I changed my notes to show this and a revised copy is attached.

It does not appear that the BOS needs the express approval of the Raymond Park advisory committee to take action on the park.

Several of the deeds are clear about maintaining the park for the scouts but there is no exclusivity I can see in any of the deeds.

Mary and I spent Thursday PM researching the Town Voting records on Raymond Park and came up with pretty much the same data and conclusion as you.
The 1996 warrant amendment offered by Tom Kirby and approved by the voters is key and appears to remain in effect at this time.
Mary and I intend to do more research next Thursday to see if any later warrants amended or superseded that warrant.
However, we can find no wording on any of the approved warrants that makes the Elmer G. Raymond Trust "irrevocable".
In fact, review of the 1996 Warrant amendment as passed raises a conundrum for the Trustees.
As was the case with Muldoon Park, in the 1996 warrant Tom Kirby created two distinct Trust Funds:
Elmer G Raymond Memorial Park Public Trust Fund (funds provided through public sources), and the,
Elmer G Raymond Memorial Park Private Trust Fund (private donations).
Previous Trustees never picked up on this and separated the two, so currently only one Trust exists.
Unless there are good records on private donations, it appears the current Trust is the Public one.

The Trustees will have to review this and decide how they want to proceed.
Mary will bring it up at the next Trustee meeting for resolution.

Thank you for all your effort thus far in this regard. With Mary, you and I working this issue, it should get resolved.

Ed

I have assembled a package of information about Elmer G. Raymond park that identifies action from 1980 Town Meeting through 1997 Town Meeting. I was too lazy to scan all of the documents that the summary says are attached so I will ask Marie to photo them and give you paper copies of them.

This is something that no sane person will do this again so note to Tom and Brian please file these someplace really safe. Perhaps Marie can scan the attachments and file all of this electronically.

Much of the information is of little daily interest but as the BOS looks at forest management or builds more in the park it is critical to know the rules and requirements - some of which are specified in the deeds for individual components of the park.

It would be more than helpful sometime for someone to develop a map which identifies each of the separate parcels which were cobbled together to create the park. This is especially true due to varying requirements for the parcels, especially, but not solely, naming them. The more time that goes by the more likely that mistakes will be made. Some of the original articles are thirty years old (!).

Ed:

You are absolutely right that 1982 WA 36, which authorized $50,000.00 to purchase land with sand and gravel proceeds, has nothing to do with 1982 WA 37, which created a trust fund to maintain Tax Map Parcels 5-70, 5-71 and 5-73.

While, 1982 Warrant Article 37 created a trust fund to maintain parcels 70, 71 and 73, including the building thereon, subsequent Town Meetings Funded the principal for the Trust fund as follows:

1982 Warrant Article 44 added $20,000.0 to the Trust Fund

1983 Warrant Article 41 added another $20,000.00 ✓ True

1984 Warrant Article 35 added another $10, 000.00 ✓ to reach the stated goal of $50,000.00

While it is hard to believe today, at that time bank CDs were paying 9%, so each year $4,500.00 was appropriated for the maintenance of parcels 70, 71 and 73.

Subsequently my son became an Eagle Scout and I moved on to other activities, such as the soccer fields obtaining a $46,500.00 plus or minus grant, a trail grant $21,000.00 ? and the acquisition of additional land. (I have acquired more acres of land at no cost to the Town than the Conservation Commission has acquired using its $3,000,000.00 tax bond and nearly $1,000,000.00 in current use tax.) In fact, while Conservation gets the credit, I initiated the acquisition of the

Frederick Cutter Merriam and Cutter Woods purchases.

http://news.webshots.com/photo/2788238550043297398xlYzC

And while it may come as a surprise to some of you, I was the one who drafted and presented the Warrant Articles that created the Forest Committee. That occurred shortly after myself, Phil Currier, Mo Picard, Prentice Robinson and Roger Martin (Pelham Lions) used our own funds to pre purchase the key parcel that gave rise to the Peabody Town Forest. I obtained a Federal Grant that allowed the Town to purchase the land at no cost to the taxpayers or profit to the five of us. The five of us absorbed the carrying costs out of our own pockets.

After I stopped preparing the Trust Fund Budget, the Town continued to spend $4,500.00 from the Trust each year, even though interest rates had dropped. This resulted in an invasion of the $50,000.00 trust principal, a matter discovered by the auditors and Budget Committee. The Budget Committee consulted DRA and the Board of Selectmen, consulted Town Counsel. Both agreed that Trust Fund Trustees cannot invade principal and should not have allowed the Trust balance to go below $50,000.00.

All agreed that the appropriate way to correct this violation of the law was to stop drawing current income from the Trust until the balance reached $50,000.00. Dennis Viger and John Lavallee were involved in the decision to restore the Trust principal to the required $50,000.00.

At this point, the Trust fell off the radar, the balance of $50,000.00 was restored and then exceeded.

A few years later a Building Safety Committee was created and determined that the Lodge

didn't meet current codes. A punch list was created. Closure was threatened. The list included many deficiencies, including:

1. Plexi glass over the widows. The plexi was installed to protect from vandals and provide storm windows.
2. The doors opened in and lacked crash bars.
3. The toilets lacked safety rails.
4. Hot water heater lacked a blow off pipe.
5. The sprinkler system lacked a back flow valve.

I mention these items from a much longer list, because these are the items that I volunteered to fix, even though I had no one in Scouting at the time. I fixed all of these items working alone, except with respect to the double doors to the porch. Pelham Lumber Staff loaded the door into my trailer and Bob Sherman and his son helped carry the door to the awaiting opening. I had removed the old doors alone.

I mention the long list of safety items, because we had no money to correct them. I checked the maintenance trust fund and found it contained about $67,000.00. $50,000.00 in principal and $17,000.00 in accumulated income.

I prepared a $17,000.00 petitioned warrant article and brought the building up to code without spending any tax dollars.

I am familiar with Tom Kirby's amendment to 1996 warrant article 46.
It read in part:

"To see if the Town will vote to reauthorize and continue the Elmer G. Raymond Memorial Park Trust Fund

for those purposes as provided in Article 37 of the 1981 Town Meeting pursuant to Chapter 402

(Senate Bill 221-which I wrote) of the laws of 1981 and to RSA 31:19 A" RSA 31-19 A was a general

codification of my Senate Bill 221.

The important thing to focus on is that Tom's amendment did not change the original purpose

of the trust fund --the maintenance and operation of parcels 5-70. 5-71 and 5-73.

In fact the 1996 amendment was a re affirmation by the voters that the money can only be spent

on the parcels listed in 1981 Warrant Article 37.

You are left with two realities:

1. The money must be spent on parcels 5-70, 5-71 and 5-73.
2. The Trustees cannot invade principle. They can only spend any accumulated income in excess of the $50,000.00 principal.

In my view, the Town Meeting will need to change the purpose of the trust by a 2/3 rds vote

or you must abolish the trust and ask the voters to appropriate an identical sum for an irrigation

system for the soccer fields.

I don't care what you do with the Trust Fund, as long as you act within the law.

Ed, in the future, you may be able to do a more thorough research job by going to the award winning

I have researched the establishment of the original trust (Article 37 1982) and can find no indication that $50,000 was ever established as principal.
The existing Trustee records do not indicate that any such establishment of a principal was ever voted.
If your records indicate otherwise, I would appreciate a copy of your record so I can advise the Trustees.
The $50,000 you reference was moved from the Capital Reserve to the Trust for the purchase of land, which I assumed happened and depleted the funds
Further, in 1996 Tom Kirby got Warrant 48 passed which reestablished the Trust as both Private and Public and authorized the BOS to expend funds from those Trust for the maintenance and operation of Raymond.
I am assuming that Article is in effect.

In my opinion, the very specific language of the warrant article trumps

a subsequent deed. You can't over rule a Town Meeting vote by accepting

a deed. I drafted the warrant articles and the deeds. I can't state unequivocally

that the intent of all of these instruments was to limit the expenditure of the

Trust Fund to the original Scout Lot.

Also keep in mind that it is basic trust law that you can only spend trust income, you can

not invade principal. Only funds in excess of the original $50,000.00 principal

can be spent.

I repeat, I have no objection to what you are trying to accomplish, but I think it is important for

Town Officials to act within the law.

Bill:
Upon receipt of your last communication, I undertook a complete review of all warrant articles applicable to the Raymond Park Trust Fund, including those you cited as well as Senate Bill 221.
Based upon that review, I must confirm my previous assertion that no documentation apparently exists that the voters ever approved $50,000 as restricted principal for the Trust.
While that may have been the intent, the $50,000 was never specified in any warrant and therefore was never approved by the voters. The warrants you cite transfer an aggregate of $50,000 from the CRF to the Trust, but nowhere is there a stipulation that the funds are principal or intended as principal.
Such being the case, it is my opinion that the provisions of warrant 48 of 1996 are in effect which split the Trust into two Trusts; Raymond Park Private and Raymond Park Public with the BOS designated as agents to expend any remaining funds for the maintenance and operation of the park.
I read with interest your comment that the BudCom and the BOS sought direction on this issue through the DRA and Town Counsel, respectively, so I would appreciate any supporting correspondence for review so I might advise the Trustees accordingly if my findings are incorrect. I'd be interested in what documentation was used to establish the basis of $50,000 in principal.
Just as a matter of note, my experience with Trust Funds would dictate any such inquiry should be directed to the Charitable Trust Division of the DOJ, not the DRA. So I would be interested in any DRA findings so I can seek DOJ concurrence.
Consequently, in the absence of specific data to the contrary, my advice to the Trustees would be that the existing funds under the Trust can be expended upon presentation of appropriate documentation by the BOS for maintenance and operation of the Park.

Tom:

I just watched a short portion of a BOS meeting re run on cable wherein the Elmer G. Raymond Park Trust Fund was discussed.

The discussion seemed to focus on what was a capital improvement verses what was operation and maintenance.

The discussion failed to recognize that the income from the trust as currently constituted can only be spent at Raymond Park. Conversely, the income cannot be spent on the Prentice I. Robinson Park, the Robert Young Park, or the Judge J. Albert Lynch Park.

If you want to spend the income on one of the other parks, which I don't object to, the terms of the trust will have be changed by the Town Meeting.

I do object to the continued failure to recognize the contributions made by Prentice I. Robinson, Robert Young and Judge Lynch.

It seems to me that Parks and Rec has had sufficient time to correct the soccer field signs to acknowledge the generosity of Mr. Robinson.

Elmer G. Raymond Park – Town meeting action since 1980

Note: this is a good faith compilation and intended to be comprehensive. Dollar amounts are stated in some of the references below and of course appeared in the original articles. In some the exact amount is skipped in favor of $$ signs. The amounts are irrelevant to the particular article after the passage of so much time.

1980 – Town Meeting – (copy of articles attached)

Article 44 established the Raymond Park capital reserve fund (CRF)

Article 45 permit sale of gravel for EGR.

Timber & Hardwood

Both passed as written.

1981 – Town Meeting

Article 42 Withdraw $5,000 from EGR CRF for improvements to lodge

Article 43 Withdraw $25,000 from CRF to buy abutting land

Both are straightforward articles

1982 – Town Meeting – (copy of articles attached)

Article 36 – To withdraw $50,000 from the EGR CRF to acquire land for the park. Contains stipulations as to what people/groups must approve purchases.

Article 37 – Create the EGR Memorial Park Trust Fund (PTF) "as provided by 1981 SB221". (Possibly became part of RSA 31:19-a.) Prior to SB221 there was some prohibition in the law that would not have allowed this type of fund of for this purpose. Memory dims as to the exact reasons. The law referred to as SB 221 was written and sponsored by local legislators on behalf of Mr. Hayes so this article could be possible. See full text of 31:19-a below.

(Note in the RSA below several passages in italics are marked to highlight parts that may be relevant to any current (2009) discussions)

31:19-a Trust Funds Created by Towns –

I. A town may at any annual or special meeting grant and vote such sums of money as it deems necessary to create trust funds for the maintenance and operation of the town; and any other public purpose that is not foreign to

the town's institution or incompatible with th objects of its organization. The town may appoint agents to expend any funds in the trust for the purposes of the trust. An annual accounting and report of the activities of the trust shall be presented to the selectmen and published in the annual report.

II. *Trust funs created pursuant to this section shall be revocable by majority vote of the legal voters present and voting at any annual meeting, unless the vote creating the trust expressly provides that the trust shall be irrevocable,* and upon revocation the trustees of trust funds holding the account for said trust shall pay all the moneys in such fund to the town treasurer.

III. Notwithstanding any other provision of this chapter, any trust fund created under this section shall be subject to the same provisions concerning custody, investment, expenditure, *change of purpose,* and audit as are reserve funds established under RSA 34:1, 34:1-a, 35:1 or 35:1-c. The legal validity of such a fund properly established shall not be affected by its designation as a "trust", "reserve" "capital reserve," or any other designation.

IV. The local legislative body may authorize the acceptance of privately donated gifts, legacies, and devises to be utilized for the same purposes as a trust fund created under this section; provided, however, that such gifts, legacies , or devises shall be invested and accounted for separately from, and not commingled with, amounts appropriated under paragraph I, and shall be subject to the custody and investment provisions applicable to trust funds accepted under RSA 31:19.

Article 38 – Withdraw $5,000 from CRF and place in PTF.

Article 39 - Withdraw money from CRF for gypsy moth control.

1983 – Prentice Robinson Deeds Two Parcels.

Robinson sold two parcels to the town. In summary, only one, a 16 acre parcel, requires in the deed that the first $32,000 of any money generated from the "construction of recreational facilities on the property" pay back the town for the cost of the property. After that, the funds must go into "a trust fund" which will be used exclusively for the operation and maintenance of the park.

No other deed for parcels in this park appears to have that requirement. I have no idea if the money ever went there or not. Most likely it did or we would have heard about it. We can safely presume it did. There was a good deal of money being generated in those days from the sale of gravel and timber.

Deed requires this parcel to be known as the *"Robinson Addition"* to the park.

1983 Town Meeting – Copy of Articles Attached

Article 39 – Withdraw $15,000 from CRF for lodge improvements.

Article 40 – Withdraw $$ from PTF for operation of the park.

Article 41 – Withdraw $$ from CRF and place into PTF.

Joseph Grossman Deeds Tow Parcels

Article 35 – Withdraw $$ CRF and place in PTF

Article 36 – Expend $$ from PTF for operations of park

Article 37 – Expense $$ from CRF for Capital improvements to park

Article 50 – to accept 2 parcels from JB Grossman (5-69 and 5-69-1). One of 44.54 acres. The second is silent as to the acreage though it appears small. The deed (and there is only one deed for the two) requires the land be added to the park and that both parcels be known as the "Judge J. Albert Lynch: addition to the park. The latter is at odds with the action of town meeting which specifically states the parcels are to be known as the *Joseph b. Grossman II addition.* (No $$ involved.). There was too much legal work for this to have been a mistake. Clarification needed. Mr. Grossman died in December 2007.

1989 Town Meeting – copy of article attached

Article 50 creates EGR advisory board. Board's purpose is to "consult and advise" The original wording referred to the Town Manager but that had been eliminated so an amendment was offered to change it back to BOS.

1996 Town Meeting – copy of article attached

Article 48 – Vote create a "public" and "private" trust fund for the park with no apparent significant difference between them. Both required to be used for operation and maintenance. Names the BOS as agents to expend.

1997 town Meeting

Article 49 – a one time withdrawal for reclamation. Does not have any long term effect.

Hello All:

This afternoon I drove to Hudson, via Mammoth and Keyes Hill Roads, passing the North Pelham Park Complex, which includes the Lt. Elmer G. Raymond Park, the Robert and Alexandra Young Park, the Prentice I. Robinson Park and the Judge J. Albert Lynch Park.

I noticed two new signs that read "Soccer Fields at Raymond Park". An historical review of the creation of the North Pelham Complex will explain why these signs are in error and should be changed.

When my son became active in the Boy Scouts in the early 1970s, I rejoined my old Troop 25 as an Assistant Scoutmaster and Committee Member. In addition to my regular duties as Assistant Scout Master, I set out to improve and expand the area used by the Boy Scouts. As a result, the area was increased from two parcels and about 50 acres to more than a dozen parcels totallying 258 acres, the largest contiguous land area owned by the Town. This was all accomplished without spending a single tax dollar.

The first parcel I was able to acquire contained six acres with 400 feet of frontage on Mammoth Road. It now provides access to the soccer fields. It is also the location of the offending signs. Although this parcel was more than 1500 feet from Raymond Park, the Board of Selectmen and the voters had faith in my ability to acquire the intervening land. This faith was based in part in my having already created Golden Brook Park and the Peabody Town Forest, my having initiated the acquisition of Veterans Park and my having obtained a grant to purchase the land for the elderly housing complex on Windham Road.

I wrote to the owner of record of the Mammoth Road parcel (M. Alice Purdy) and received a letter back from her sister's lawyer, who explained that Miss Purdy had died and left the parcel to her sister, a Mrs. Morrison. He went on to explain that he was legal counsel for the Boy Scout Council in New Jersey, and that Mrs. Morrison had been an office secretary for the New Jersey Boy Scout Council. He stated while she wished she was in a position to donate the property to the Boy Scouts, her pension from

the New Jersey Boy Scouts was too small to permit her to do so.

The attorney, who was working pro bono for Mrs. Morrison, said she would sell the property for half its value, if I would probate Miss Purdy's New Hampshire estate and clean up her inheritance tax delinquency problem with the State of New Hampshire. I probated the estate and got all of the late payment tax penalties waived.

But I still needed $25,000.00, 50% of fair market value, to purchase the property. I approached Prentice Robinson, An Wang's personal assistant. Prentice had made a small fortune when Wang went "Public". He donated some of his Wang stock to the School District for tennis courts at the High School.

Prentice, myself, Phil Currier, Roger Martin and Mo Picard had previously funded the purchase of the parcel of land that led to the creation of the Peabody Town Forest. I obtained a 100% federal grant, which was used to purchase the Town Forest parcel from the five of us for exactly what we had paid for the parcel. It was during that transaction that I learned that four of us weren't really needed to pre purchase land for the Town of Pelham.

Prentice purchased the Mammoth Road property and the following March the Town purchased the parcel from Prentice using proceeds from the sale of sand and gravel that were sitting in a capital reserve fund that I had set up and the voters had approved.

I then wrote to Bertha Landry, who owned the 16 acres between Raymond Park and the newly acquired Mammoth Road parcel. She declined to sell to the Town, but did sell to her cousin Andrew, the last of the Landrys to live at the apple orchard. He was fronting for Richard Zelonis, a real estate developer. Richard planned to purchase the 50 foot wide Trolley right of way from Norm and Jan Provencal to access the Landry parcel, which had no frontage. As soon as I got wind of this plan, I contacted Norm and Jan on a rainy Sunday afternoon. They agreed to sell the right of way to Troop 25 for $500.00. My wife was the Treasurer of Troop 25. While she was writing a check for $500.00, I was typing up a deed for the right of way. I went to Norm and Jan's house that Sunday afternoon and the closing took place at their kitchen table.

Three days after I recorded the deed, I got a call from Richard Clermont, a real estate agent retained by Richard Zelonis. He offered the property for less than we would have paid Bertha Landry. I needed $55,000.00 in a hurry. I called Prentice, and he advanced me the $55,000.00 on the spot. I then applied for a $27,500.00 grant and took a $55,000.00 contingent deposit from Garabedian for sand and gravel located on the parcel. When we closed on the property, we had the land for no tax dollars plus an additional $27,500.00 in the bank.

**

The Selectman and the voters, by accepting the deed, agreed to name the parcel the Prentice L Robinson Park ~ NOT EXACTLY AS IN THE DEED
in appreciation for his assistance in acquiring three parcels of land. That is a provision that is spelled out in the deed.

In light of the above, I respectfully request that you change the two signs to read "Soccer Fields at Robinson ✓
Park". We are legally and honor bound to keep our word given to those who make land available to the Town. If we don't keep our word, we dishonor ourselves and hurt our chances of getting additional parcels of land. I predict that an additional 50 acres will be added to the North Pelham Park Complex before I check into the Gibson. I also suspect that the Conservation Commission will be acquiring additional parcels.

We cannot jeopardize future acquisitions by failing to keep past promises.

Spike

** While the Landry purchase may have been my most innovative land acquistion for the Town, the acquistion of the Village Green for a net tax dollar cost of $20,000.00, over the initial objection of the Board of Selectmen and Budget Committee, runs a close second.

The amendment made by Mr. Kirby is adopted. Article 48 as amended is adopted.

ARTICLE 49 (CREATE AN EXPENDABLE TRUST FUND KNOWN AS THE MULDOON PARK TRUST FUND) Tom Kirby moved to delete this entire article and replace it with the following...."TO SEE IF THE TOWN WILL VOTE TO CREATE A MUNICIPAL EXPENDABLE TRUST FUND PURSUANT TO CHAPTER 402 (SB-221) OF THE LAWS OF 1981 AND TO RSA 31:19-A TO BE KNOWN AS THE MULDOON PARK PUBLIC TRUST FUND AND TO RAISE AND APPROPRIATE THE SUM OF $250.00 FROM SURPLUS TO THIS FUND AND;

for adoption of this article mandates that the Board of Selectmen hold a public hearing, that it be posted in two public places in town, and published in a newspaper. Given that this has not been done, Article 41 is not valid in her opinion. Motion to limit debate. Debate is limited. Article 41 is defeated.

Motion to restrict reconsideration on all articles through Article 41. Articles 28 through 41 are subject to restricted reconsideration.

ARTICLE 42 ($12,000.00 FOR FEASIBILITY STUDY TO ADDRESS FUTURE NEEDS RELATIVE TO MUNICIPAL SOLD WASTE DISPOSAL) (RECOMMENDED BY BOARD OF SELECTMEN) (NOT RECOMMENDED BY BUDGET COMMITTEE) Moved & seconded. Bill McDevitt stated that the Selectmen are concerned about the future of the incinerator. This facility is beginning to wear out and new state and federal clean air regulations are being developed. Ray Caisse felt that instead of paying for a study to be done, perhaps we could learn from other towns and save taxpayers money. Others felt this was a premature action. Motion to limit debate. Debate is limited. Article 42 is defeated.

ARTICLE 43 (TRANSFER $12,000.00 TO GENERAL FUND TRUST MAINTENANCE OF INCINERATOR RECYCLING FACILITY) (NO PORTION OF SAID AMOUNT SHALL BE RAISED BY LOCAL TAXES) (RECOMMENDED BY BOARD OF SELECTMEN) (RECOMMENDED BY BUDGET COMMITTEE) Moved & seconded. Article 43 is adopted.

ARTICLE 46 (EXPEND $2,050.00 FROM INTEREST GENERATED BY ELMER G. RAYMOND MEMORIAL TRUST FUND) (RECOMMENDED BY BOARD OF SELECTMEN) (RECOMMENDED BY BUDGET COMMITTEE) Jim Druding moved to withdraw the entire wording of this article and replace it with...."TO SEE IF THE TOWN WILL VOTE TO RAISE AND APPROPRIATE THE SUM OF $2,050.00 FOR THE OPERATION AND MAINTENANCE OF ELMER G. RAYMOND MEMORIAL PARK FOR FISCAL YEAR STARTING APRIL 1,1996 THROUGH MARCH 31, 1997." Seconded. Discussion followed explaining why this article was amended. The principal amount of the trust fund is currently underfunded by $6,100.00 due to a misinterpretation by the auditors. Hal Lynde stated that Article 46 would raise the money through taxes and Article 47 would be defeated thereby allowing the interest to be returned to the fund until the original principal amount is attained. The amendment by Jim Druding is adopted. Article 46 as amended is adopted.

$2,050.00

ARTICLE 47 (RAISE $6,102.00 FOR ELMER G. RAYMOND MEMORIAL TRUST FUND) (RECOMMENDED BY BOARD OF SELECTMEN) (NOT RECOMMENDED BY BUDGET COMMITTEE) Moved & seconded. Hal Lynde stated that this article should be defeated. Article 47 is defeated.

Mr. Lacerte explained that the purpose of the amendment was to substitute the Board of Selectmen for the Town Manger and to add as members of the advisory board, a representative of the 4-H organization and a representative of any other youth organization not listed. He stated that all the youth of Pelham would benefit. The Scouts would have top priority for use of the park. William Hayes stated that it was not right to turn over the rights to the Recreation Department and not retain it as property of the scouts. He strongly urged defeat of this article. After much discussion, a hand count on the amendment was taken. Results: YES 290 -- NO 24. Amendment adopted. Voice vote on the article as amended was in the affirmative. Article as amended was adopted.

ELMER G. RAYMOND MEMORIAL PARK BY-LAW

ARTICLE I

PREAMBLE

In the mid 1930's Martina Gage died and willed to the Town of Pelham approximately 1029 acres of land located in various sections of Town. At its 1936 annual town meeting, the Town of Pelham adopted Warrant Article 28, as amended. This Warrant Article created a committee to locate and dispose of, by private or public sale, the land willed to the Town by Martina Gage. The committee was also directed to set aside a suitable parcel of land as a campground for the Boy Scouts and 4-H Organizations of Pelham.

On April 2, 1937, the committee set aside the George Webster Farm on Keyes Hill Road for the Boys Scouts and 4-H Organizations. This property, which is now shown as Tax Map Parcels 5-71 and 5-74, soon became known as the "Scout Lot". On March 12, 1946, at the 1946 annual town meeting, the Town officially voted to name the "Scout Lot" the "Elmer G. Raymond Memorial Park" in honor and the memory of 2nd Lieutenant Elmer Goldthwaite Raymond, who lost his life during World War II, while

serving as a U.S. Army Air Force Flight Instructor near Columbia, Alabama.

The same town meeting placed the park "under the jurisdiction of the Scout Committee of the Pelham Boy Scouts". The Scout Committee was charged with the responsibility for developing and maintaining the park for the Scouts and other Pelham "Youth Organizations with adequate adult leadership". The Scouts have honored that charge for more than 50 years.

In the mid 1950's the Scouts, using private funds and volunteer labor, constructed a lodge at the park. At the annual town meeting held in March of 1980, the Town authorized the sale of gravel, timber and hardwood located on the Park, provided that all such sales were made pursuant to a written plan approved in writing by the Board of Selectmen, the Conservation Commission and a majority of the Scoutmasters and Cubmasters of all currently chartered Pelham Boy Scout Troops and Cub Scout Packs. All proceeds from such sales were required to be used solely to improve and maintain the park. In the 1980's the Scouts doubled the size of the Park by acquiring by gift or purchase nine adjacent parcels of land. During the same period, using gravel sales proceeds and volunteer labor, not local taxes, the Scouts renovated the lodge, built activity fields, constructed access roads, developed camp sites and cleared ski trails.

As the result of a Special Act written by the Scout Leaders, passed by the New Hampshire Legislature and signed by the Governor, a special trust fund was established to create sufficient annual income to operate and maintain the Park without the use of local tax dollars.

In summary, during the past 50 years, the Scouts have developed, operated and maintained the "Scout Lot" for the Town of Pelham. In the process, they have donated thousands of hours of time, generated tens of thousands of dollars, and doubled the size of the park by acquiring through gift and purchase, land which now has a fair market value in excess of a half a million dollars. This has all been accomplished through Warrant Articles approved by the Town of Pelham and this has all been accomplished without spending any local tax dollars.

ARTICLE II

PURPOSE

In March of 1987, the Town of Pelham adopted the Town Manager form of government. From March of 1987 until the Spring of 1988, the Scouts continued to develop, operate, and maintain the Elmer G. Raymond Memorial Park. They presumed to do so pursuant to the many Warrant Articles and By-Laws adopted by the Town of Pelham over the past 50 years. In the Spring of 1988, a question arose as to whether the Town Manager or the Scouts had the authority to develop, operate and maintain the park. The

PURPOSE of this By-Law is to have the Town Meeting of the Town of Pelham clarify who shall develop, operate and maintain the Park and to determine how that should be accomplished.

ARTICLE III

AUTHORITY

This By-Law is adopted pursuant to the authority granted by Chapter 31, Section 39I. (a) of the New Hampshire Revised Statutes Annotated and shall be a By-Law which clarifies the authority of the Town Manager as permitted by the first sentence of Subsection VII. of Section 6 of Chapter 37 of the New Hampshire Revised Statutes Annotated. To the extent that other New Hampshire Statutes authorize the adoption of this By-Law, this By-Law is also adopted pursuant to such other statutes.

ARTICLE IV

4. The employment and supervision of park maintenance and administrative personnel.
5. Preparation of an annual report to the Town of Pelham.
6. Preparation and adoption of a set of Rules and Regulations governing the operation of the Park.

ARTICLE V

TOWN MANAGER

The Town Manager shall have jurisdiction over that half of the Elmer G. Raymond Memorial Park which lies east of Balwin Hill Road. The Town Manager's authority over that portion of the Park shall include such authority as is granted by Chapter 37 of the New Hampshire Revised Statutes Annotated. All but one parcel of that half of the Park to be managed and maintained by the Town Manager was acquired through the efforts of the Scouts during the last nine years. The purchased land cost in excess of $80,000.00 No portion of that sum was raised by local taxes. The gifted portion of the easterly side of the park was donated by a long time adult Scouter. At the time of the gift, the property had an appraised value in excess of $100,000.00.

ARTICLE VI

PARK USES

That half of the Elmer G. Raymond Memorial Park located east of Baldwin Hill Road, which is to be managed and maintained by the Town Manager, shall be used primarily for team sports such as soccer, baseball and softball. However, nothing in the forgoing sentence shall prevent the use of the higher elevations of the eastern half of the Park for camping, hiking and other such purposes. On no more than ten days of each calendar year, the Elmer G. Raymond Park Board of Directors shall have the right to the exclusive use of all of that portion of the Park located east of Baldwin Hill Road. The Board of Directors shall give the Town Manager at least 60 days written notice of those days on which it desires exclusive use of the eastern portion of the Park. The Town Manager, in his or her discretion, may waive the forgoing notice requirement.

That half of the Park located west of Baldwin Hill Road, which is to be managed and maintained by the Elmer G. Raymond Memorial Park Board of Directors, shall be used primarily for passive recreation and conservation uses, such as camping, hiking, swimming, cross country skiing, fishing, skating, Scouting and other similar activites. Notwithstanding the forgoing sentence, the grassed activity fields located west of Baldwin Hill Road shall be made available to Little League and Soccer League "Farm Teams" on non Scout meeting nights and on non Scouting week ends. To the extent possible, the Board of Directors shall make a good faith effort not to simultaneously schedule "Farm Team" and passive recreation activities on the same days. "Farm Teams" are defined as those teams whose players are 9 years of age or younger and who do not wear cleats on their foot wear. Due to the lack of irrigation sprinkler systems for the fields west of Baldwin Hill Road, no team sports shall be played on the activity fields west of Baldwin Hill road during the months of July and August.

ARTICLE VII

OPERATING BUDGET

In 1981 the Legislature and Governor of the State of New Hampshire adopted and signed a Special Act which authorized the Town of Pelham to create a Trust Fund to generate income to operate and maintain the Elmer G. Raymond Memorial Park. On March 2, 1982, pursuant to that authorization, the 1982 Pelham annual town meeting created the Elmer G. Raymond Memorial Park Trust Fund by the adoption of warrant article 37. That warrant article provided in part as follows. The annual income from said trust fund shall be used to operate and maintain the Elmer G. Raymond Memorial Park and the structures thereon. No income from said Trust Fund shall be appropriated and expended, except in accordance with the applicable budget procedures of the Town of Pelham, including the approval each year of the annual Town Meeting of the Town of Pelham.

Warrant Article 37 also provided that it shall be the duty, each year, of the majority of the Scoutmansters and Packmasters of all currently chartered Pelham Boy Scout Troops and Cub Scout Packs to prepare an annual budget for the maintenance and operation of the Park and to present that budget to the Budget Committee and Annual Town Meeting. This budget shall be funded exclusively from Trust fund income. No portion whatsoever of the proposed budget shall be raised by local taxes.

This By-Law is not intended to change 1982 warrant article 37. Each year the maintenance and operating budget of the Park shall be prepared, appropriated and expended in accordance with 1982 warrant article 37, which created the Elmer G. Raymond Memorial Park Trust Fund.

ARTICLE VIII

TO: Trust Fund Trustees

FROM: Elmer G. Raymond Memorial Park
Capital Improvements Committee

SUBJECT: Capital Reserve and Trust Funds

As you are aware, the Pelham Town Meeting has created a Capital Reserve Fund and a Trust Fund for the Raymond Park. All proceeds from the sale of sand, gravel, hardwood and timber at the Park are placed in the Capital Reserve Fund.

From time to time the Town Meeting votes to expend funds from the Capital Reserve Fund for capital improvements or to transfer funds from the Capital Reserve Fund to the Trust Fund. Income from the Trust Fund is used to maintain and operate the Park.

The 1982 Town Meeting voted to transfer $5,000.00 from the Capital Reserve Fund to the Trust Fund. (Warrant Article 38). The 1983 Town Meeting voted to transfer $10,000.00 from the Capital Reserve Fund to the Trust Fund. (Warrant Article 41 as amended).

We recommend that the Trust Fund be maintained in a separate account or investment from the Capital Reserve Fund. Since the principal of the Trust Fund (in contrast to the Capital Reserve Fund) will not be spent, you may wish to invest in a long term high yield account or security.

If separate accounts have not been established, we recommend that you establish them as soon as possible. As of this point in time the Trust Fund should include the 1982 $5,000.00 plus accrued interest on the $5,000.00 from April 1, 1982. It should also contain the 1983 $10,000.00 plus accrued interest on the $10,000.00 from April 1, 1983 to date.

When the above has been accomplished, please complete and return the attached statement to me with copies of the fund bank accounts.

located east of Baldwin Hill Road. The Board of Directors shall give the Town Manager at least 60 days written notice of those days on which it desires exclusive use of the eastern portion of the Park. The Town Manager, in his or her discretion, may waive the forgoing notice requirement.

The half of the Park located west of Baldwin Hill Road, which is to be managed and maintained by the Elmer G. Raymond Memorial Park Board of Directors, shall be used primarily for passive recreation and conservation uses, such as camping, hiking, swimming, cross country skiing, fishing, skating, Scouting and other similar activities. Notwithstanding the forgoing sentence, the grassed activity fields located west of Baldwin Hill Road shall be made available to Little League and Soccer League "Farm Team" on non-Scout meeting nights and on non-Scouting weekends. To the extent possible, the Board of Directors shall make a good faith effort not to simultaneiously schedule "Farm Teams" and passive recreation activities on the same days. "Farm Teams" are defined as those teams whose players are 9 years of age or younger and who do not wear cleats on their footwear. Due to the lack of irrigation sprinkler systems for the fields west of Baldwin Hill Road, no team sports shall be played on the activity fields west of Baldwin Hill Road during the months of July and August.

ARTICLE VII

OPERATING BUDGET

In 1981 the Legislature and Governor of the State of New Hampshire adopted and signed a Special Act which authorized the Town of Pelham to create a Trust Fund to generate income to operate and maintain the Elmer G. Raymond Memorial Park. On March 2, 1982, pursuant to that authorization, the 1982 Pelham annual town meeting created the Elmer G. Raymond Memorial Park Trust Fund by the adoption of Warrant Article 37. That Warrant Article provided in part as follows. The annual income from said trust fund shall be used to operate and maintain the Elmer G. Raymond Memorial Park and the structures thereon. No income from said Trust Fund shall be appropriated and expended, except in accordance with the applicable budget procedures of the Town of Pelham, including the approval each year of the annual Town Meeting of the Town of Pelham.

Warrant Article 37 also provided that it shall be the duty, each year, of the majority of the Scoutmasters and Packmasters of all currently chartered Pelham Boy Scout Troops and Cub Scout Packs to prepare an annual budget for the maintenance and operation of the Park and to present that budget to the Budget Committee and Annual Town Meeting. This budget shall be funded exclusively from Trust Fund income. No portion whatsoever of the proposed budget shall be raised by local taxes.

This By-Law is not intended to change 1982 Warrant Article 37. Each year the maintenance and operating budget of the Park shall be prepared, appropriated

and expended in accordance with 1982 Warrant Article 37, which created the Elmer G. Raymond Memorial Park Trust Fund.

ARTICLE VIII

SALE OF SAND, GRAVEL, LEDGE, WOOD AND TIMBER

The Town hereby authorizes the sale of sand, gravel, ledge, wood and timber from the Elmer G. Raymond Memorial Park. No such materials shall be sold except pursuant to a written agreement approved in writing by the Board of Selectmen, the Conservation Commission, and a majority of the Scoutmasters and Cubmasters of all currently chartered Pelham Boy Scout Troops and Cub Scout Packs. All proceeds from the sale of sand, gravel, ledge, wood and timber shall be placed in either the Elmer G. Raymond Memorial Park Trust Fund or Capital Reserve Fund as determined by the above referenced written agreement. In no event shall any sand, gravel or ledge be sold from the environmentally sensitive steep sloped portion of the Park located above elevation 200 as determined by reference to the topography maps of the Town of Pelham prepared by the United States Geological Survey. The indemnification provisions of Article IX of this By-Law and the insurance provisions of Article X of this By-Law shall also cover those activities carried out pursuant to Article VIII of this By-Law.

ARTICLE IX

INDEMNIFICATION

In accordance with the provisions of Sections 105 and 106 of Chapter 31 of the New Hampshire Revised Statutes Annotated, the Town of Pelham does hereby agree to indemnify and hold harmless the Members of the Elmer G. Raymond Memorial Park Board of Directors, those persons responsible for the appointment of said Board of Directors and those persons employed by the Board of Directors, from all losses, claims and demands arising out of any acts or omissions occuring in connection with the development, management and operation of the Elmer G. Raymond Memorial Park. Such indemnification shall include all personal financial losses, damages, and expenses, including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment by reason of negligence or other act resulting in accidental injury to a person or accidental damage to property, if the indemnified person at the time of the accident resulting in the injury, damage or destruction, was acting within the scope of his or her responsibilities regarding the Elmer G. Raymond Memorial Park. Such indemnification shall also cover any personal financial losses and expenses, including reasonable legal fees and costs, if any, arising out of any claim, demand, suit or judgment by reason of any act or omission constituting a violation of the civil rights of an employee or any other person under any federal law, if such act or omission was not committed with malice, and if the indemnified person at the time of such act or omission was acting within the scope of his or her responsibilities regarding the Elmer G. Raymond Memorial Park.

The purpose of this indemnification Article is to provide the above described indemnitees with the same protection currently afforded the Board of Selectmen, Town Manager and other Town Officials and employees.

ARTICLE X

INSURANCE

The Town shall provide the members of the Elmer G. Raymond Memorial Park Board of Directors, those persons responsible for the appointment of the Board of Directors and those persons employed by the Board of Directors with the same civil rights and other liability insurance coverage that is afforded to the Board of Selectmen, Town Manager and other Town Officials and employees of the Town of Pelham. To the extent that the portion of the Town's annual insurance premiums attributable to the Elmer G. Raymond Memorial Park can be determined, that portion of the premiums shall be paid out of income generated by the Elmer G. Raymond Memorial Park Trust Fund.

ELMER G. RAYMOND MEMORIAL PARK BY-LAW

ARTICLE I

PREAMBLE

In the mid 1930's Martina Gage died and willed to the Town of Pelham approximately 1,029 acres of land located in various sections of Town. At its 1936

annual town meeting, the Town of Pelham adopted Warrant Article 28, as amended. This Warrant Article created a committee to locate and dispose of, by private or public sale, the land willed to the Town by Martina Gage. The committee was also directed to set aside a suitable parcel of land as a campground for the Boy Scouts and 4-H Organizations of Pelham.

On April 2, 1937, the committee set aside the George Webster Farm on Keyes Hill Road for the Boy Scouts and 4-H Organizations. This property, which is now shown as Tax Map Parcels 5-71 and 5-74, soon became known as the "Scout Lot". On March 12, 1946, at the 1946 annual town meeting, the Town officially voted to name the "Scout Lot" the "Elmer G. Raymond Memorial Park" in honor and the memory of 2nd Lieutenant Elmer Goldthwaite Raymond, who lost his life during World War II, while serving as a U.S. Army Air Force Flight Instructor near Columbia, Alabama.

The same town meeting placed the park "under the jurisdicition of the Scout Committee of the Pelham Boy Scouts". The Scout Committee was charged with the responsibility for developing and maintaining the park for the Scouts and other Pelham "Youth Organizations with adequate adult leadership". The Scouts have honored that charge for more than 50 years.

In the mid-1950's the Scouts, using private funds and volunteer labor, constructed a lodge at the park. At the annual town meeting held in March of 1980, the Town authorized the sale of gravel, timber and hardwood located on the Park, provided that all such sales were made pursuant to a written plan approved in writing by the Board of Selectmen, the Conservation Commission and a majority of the Scoutmasters and Cubmasters of all currently chartered Pelham Boy Scout Troops and Cub Scout Packs. All proceeds from such sales were required to be used solely to improve and maintain the park. In the 1980's the Scouts doubled the size of the Park by acquiring by gift or purchase nine adjacent parcels of land. During the same period, using gravel sales proceeds and volunteer labor, not local taxes, the Scouts renovated the lodge, built activity fields, constructed access roads, developed camp sites and cleared ski trails.

As the result of a Special Act written by the Scout Leaders, passed by the New Hampshire Legislature and signed by the Governor, a special trust fund was established to create sufficient annual income to operate and maintain the Park without the use of local tax dollars.

In summary, during the past 50 years, the Scouts have developed, operated and maintained the "Scout Lot" for the Town of Pelham. In the process, they have donated thousands of hours of time, generated tens of thousands of dollars, and doubled the size of the park by acquiring through gift and purchase, land which now as a fair market value in excess of half a million dollars. This has all been accomplished through Warrant Articles approved by the Town of Pelham and this has all been accomplished without spending any local tax dollars.

ARTICLE II

PURPOSE

In March of 1987, the Town of Pelham adopted the Town Manager form of government. From March of 1987 until the Spring of 1988, the Scouts continued to develop, operate, and maintain the Elmer G. Raymond Memorial Park. They presumed to do so pursuant to the many Warrant articles and By-Laws adopted by the Town of Pelham over the past 50 years. In the Spring of 1988, a question arose as to whether the Town Manager or the Scouts had the authority to develop, operate and maintain the park. The PURPOSE of this By-Law is to have the Town Meeting of the Town of Pelham clarify who shall develop, operate and maintain the Park and to determine how that should be accomplished.

ARTICLE III

AUTHORITY

This By-Law is adopted pursuant to the authority granted by Chapter 31, Section 391. (a) of the New Hampshire Revised Statutes Annotated and shall be a By-Law which clarifies the authority of the Town Manager as permitted by the first sentence of Subsection VII of Section 6 of Chapter 37 of the New Hampshire Revised Statutes Annotated. To the extent that other New Hampshire Statutes authorize the adoption of this By-Law, this By-Law is also adopted pursuant to such other statutes.

ARTICLE IV

BOARD OF DIRECTORS

TO: Trust Fund Trustees

FROM: Elmer G. Raymond Memorial Park
Capital Improvements Committee

SUBJECT: Capital Reserve and Trust Funds

As you are aware, the Pelham Town Meeting has created a Capital Reserve Fund and a Trust Fund for the Raymond Park. All proceeds from the sale of sand, gravel, hardwood and timber at the Park are placed in the Capital Reserve Fund.

From time to time the Town Meeting votes to expend funds from the Capital Reserve Fund for capital improvements or to transfer funds from the Capital Reserve Fund to the Trust Fund. Income from the Trust Fund is used to maintain and operate the Park.

The 1982 Town Meeting voted to transfer $5,000.00 from the Capital Reserve Fund to the Trust Fund. (Warrant Article 38). The 1983 Town Meeting voted to transfer $10,000.00 from the Capital Reserve Fund to the Trust Fund. (Warrant Article 41 as amended).

We recommend that the Trust Fund be maintained in a separate account or investment from the Capital Reserve Fund. Since the principal of the Trust Fund (in contrast to the Capital Reserve Fund) will not be spent, you may wish to invest in a long term high yield account or security.

If separate accounts have not been established, we recommend that you establish them as soon as possible. As of this point in time the Trust Fund should include the 1982 $5,000.00 plus accrued interest on the $5,000.00 from April 1, 1982. It should also contain the 1983 $10,000.00 plus accrued interest on the $10,000.00 from April 1, 1983 to date.

When the above has been accomplished, please complete and return the attached statement to me with copies of the fund bank accounts.

Dear Selectmen,

As part of an on-going search to meet the needs of the residents with the funds that have been allotted to the Parks and Recreation Department, a concerned citizen has brought to my attention the following information regarding the Trust Funds set-up for Pelham Parks and Recreation.

Specifically, I would like the board to examine Warrant Articles 50 and 51 from 1996 both of which were adopted at Town Meeting. In both cases the Selectmen were named as the agents to expend the funds collected in the Golden Brook Park Private Trust Fund and the Pelham Veterans Memorial Park Public Trust Fund. As stated in both Warrant Articles, "Providing that these funds are to be used for the operation and maintenance" of said park.

I am requesting that the Board sign below to allow the Parks and Recreation Department to expend the funds to offset the costs of trash removal and maintenance expenses at both areas.

Current estimates put the fund totals as follows:
Golden Brook Park: $315.18
PVMP Public Trust: $77.36

Respectfully submitted:

Darren McCarthy,
Parks and Recreation Director

No person who is to receive anything under a will, and no husband or wife of any such person, should be a witness to such will. But a person is not rendered incompetent as a witness to a will by the fact that he is named therein as executor. If the testator is too feeble to sign the will, his signature may be written for him by some other person "in his presence and by his express direction."

The testator should sign first, and the witnesses thereafter.

One of the major accomplishments of this department was the expansion of the Town's municipal bathing area. This project, which is 90% completed, should meet the summer recreational aquatic need of the community for the next thirty years.

In 1979, this department must re-establish its priorities. One of the most pressing concerns is that of maintenance and care of facilities. At present, this department is responsible for hundreds of thousands of dollars in facilities. More attention must be given to these needs if the full potential of these resources are to be realized. Further, one full time employee continues to be responsible for the complete operation of this department. If the full benefit is to be realized, additional full time employees must be considered.

In closing, I would like to extend my thanks to all residents for the continued support of their Recreation Department and also thank all other Town Boards, Commissions, and Departments for their continued co-operation. Finally, I would like to thank all the seasonal and part-time staff for their hard work which has made this department what it is.

Respectfully submitted,

Robert W. Tryon
Recreation Director

Raymond Cashman, Chairman

Dear Mr. Cashman:-

It appears that the library has squared away the disposition of the money left to the library by the estate of Noreen Brown. We have been in contact with the Trustees of the Trust Fund and they are setting up an account at Pelham Bank and Trust.

Prior to this time, the money was held for us in the town's general fund at Pelham Bank and Trust. However, it has come to my attention that during the period the money was held for the library in the town account -- end of March 1988 to January of 1989, the library received no interest for the money.

At the time of deposit, Pat Walsh, bookkeeper, had assured our director that we, the library, would receive the interest on the money. If that had not been the case, we could have deposited the money in an account of our own, at the bank.

Based on interest rates being paid at the time in question, we estimate the money due us to be $480.54. It may seem like a small amount, but on a base as small as our budget -- and following years when our budget has been cut or held level -- we can certainly use the money to enhance our book collection.

I trust you will attend to this matter promptly. If you have any questions on the above-mentioned, please feel free to contact me at my place of business. Tel. no. --508-975-1099.

Re: Estate of Noreen D. Brown

Dear Andrea:

This letter is in response to some recent questions we have been asked relating to the estate of Noreen Brown and a bequest to the library in her will. Specifically, I was asked what the precise language of the will leaving money to the Town was and whether the trustees of the library could use the funds left to the library to establish a separate capital reserve fund for the library.

The language leaving the library money was contained in the residuary clause of the Noreen Brown's will. A residuary estate is that portion of an estate which remains after the payment of debts and other classes of legacies have been satisfied. In Noreen Brown's estate sixteen and two-thirds percent of the residuary estate was left to "the public library in the Town of Pelham, New Hampshire."

RSA 202-A:22 states in part that "funds given to towns and cities to be used for a public library shall be held in the custody and under the management of the trustees of the trust funds." RSA 202-A:23 provides that "nothing in this chapter shall preclude the library trustees from receiving, investing and administering directly any trust funds and donations when so specified by the donor." Lastly, RSA 31:31 provides specifically that "except where otherwise specifically provided in the charter of a city or special act of the Legislature whenever a gift, legacy or devise shall be made in trust to a school district, village district, or any subdivision of a town and accepted by it, the same shall be held in custody and administered by the

trustees of trust funds...." Consequently, it appears clear that because Noreen Brown's will left money only to the Pelham Public Library and not specifically the library trustees the money left must be administered by the trustees of the trust funds.

It is a function of the trustees of the trust fund to turn over to the governing body of the intended beneficiary, i.e, the library trustees, the amount of money that the donor indicates should be distributed to the beneficiaries. In the case of the estate of Noreen Brown where no specific limit is put on the income from her bequest it appears clear that the trustees of the trust fund have the obligation to pay over to the trustees of the library on a yearly basis the amount of income earned on the gift left to the library.

Lastly, if you have not already done so, I ask that you sign and return to me at your earliest convenience the Waiver of Accounting and Service of Petition sent to you by Barbara Loughman in her letter of March 16. This form must be returned to the estate's attorneys as soon as possible.

If you have any questions regarding the matters discussed, please call.

Very truly yours,

Gordon B. Graham

RE: ESTATE OF NOREEN D. BROWN, DECEASED

Dear Andrea:

Enclosed is a copy of a letter I have received from Attorney Sorgini along with a final accounting on the above estate. By the terms of the will, the Town of Pelham Library is entitled to 16-2/3% of the residue of the estate after payment of debts, cost of administration and specific devises. From the balance of $78,092.36 shown in the estate account, will be deducted a $6,000 legal fee for Attorney Sorgini and $250 to be paid to a CPA for preparation of a tax return, leaving a balance in the estate of approximately $71,000. 16-2/3% of the $71,000 is just under $12,000 which is what the Town of Pelham Library should receive. Please confirm for me that the figures are satisfactory to the library trustees so that I can notify Attorney Sorgini.

Please call with any questions.

Re: Library Renovation-ADA Expendable Trust Fund

Dear Trustees:

On March 8, 2005, the above referenced Expendable Trust Fund, appeared as Warrant Article 34. The Article requested that the purpose of the Trust Fund be changed to allow it to fund automation of the new library building's entry doors, and appoint the Library Trustees as agents to expend. The Article passed by the required 2/3 vote, 1312 for and 656 against. (See attached copy of ballot results from 2005 Annual Report, page 13.)

On May 4, 2006, the Library entered into an agreement with Northeast Door Corporation of Concord, NH to fully automate both pairs of entry doors at the front of the building. The finished and installed price is $7,368.00. The automation hardware is currently scheduled for installation on June 14, 2006. (See attached quotation.)

There should also be an invoice coming from DEM Electric for installing two 115 volt, 5 amp, single phase electrical outlets to power the door automation on May 15, 2006.

Each of these bills will be paid from the ADA Expendable Trust Fund. I am attending your meeting this evening to coordinate the timely issuance of checks for these vendors.

Sincerely,

Sue A. Hoadley

In Re: Estate of Ethel Chalifoux

Dear Chris:

Pursuant to the bequest in the Will of the late Mrs. Chalifoux, I enclose a check in the amount of $5,000.00 payable to the Town of Pelham. In accordance with the instructions in my letter of October 2, 1990, the Trustees of the Trust Funds and the Board of Selectmen should establish a Trust known as "The Ernest and Ethel Chalifoux Trust Fund". The Trust Fund shall be administered and the income therefrom utilized as outlined in my letter and Article IX B. of the Will (copy enclosed).

If you have any questions please call at your convenience.

It might be appropriate if the Town issued a public announcement of this gift. To the extent that I may be able to provide helpful information please call on me. You may also obtain information from Richard Hanlon, one of the Executors. The late Mrs. Chalifoux taught for better than forty years in the Pelham Public Schools and had a deep interest in public education, as is evidenced by this charitable bequest.

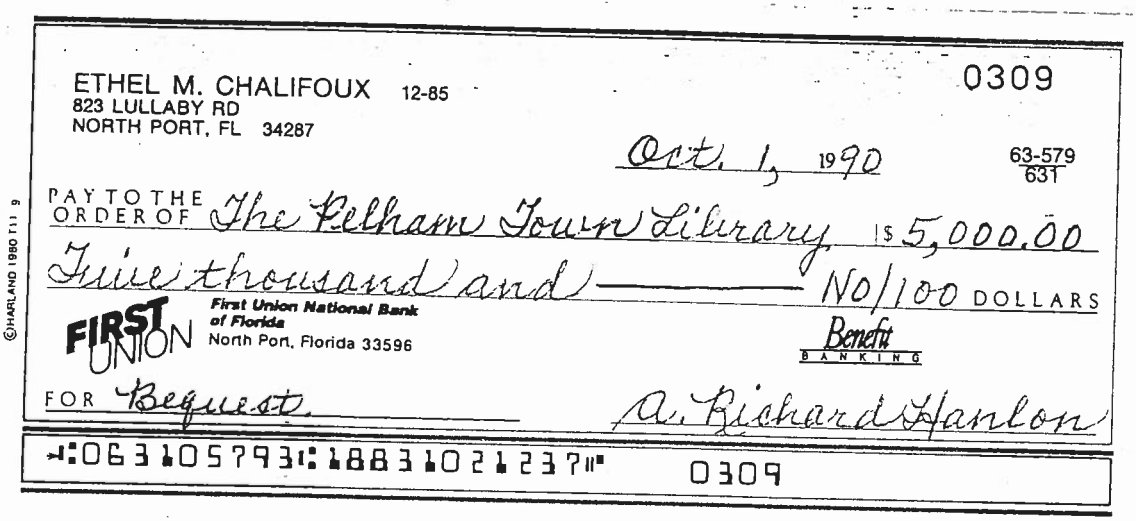

Very truly yours,

Philip R. Currier

In Re: Estate of Ethel Chalifoux

Dear Chris:

As the Board may know the late Ethel Chalifoux made a gift of $5,000.00 to the Pelham Town Library to be held in a trust fund. The provisions of the Will specifically require that the income from the fund, annually or at such other intervals as may be selected by the Library Trustees, must be used specifically to purchase books for the Library. The Trust Fund shall be known as "The Ernest and Ethel Chalifoux Trust Fund". The Trustees of the Trust Funds and the Trustees of the Library will determine in what manner the Trust Funds are invested.

I enclose a receipt to be executed by the Chairman of the Board of Selectmen and the Chairman of the Library Trustees. When I receive the signed receipt, the Estate will issue the check to the Town.

Very truly yours,

CERTIFICATE OF COPIES

I, C. EDWARD BOURASSA, Register of the Court of Probate for said County of Hillsborough, having by law the custody of the seal and all the records, books, documents, and papers of or appertaining to the said Court of Probate, hereby certify the papers hereto annexed to be true copies of papers appertaining to said Court, and on file and of record in the office of said Court, to wit:

Will of Charles L. Seavey, late of Pelham in said County, deceased.

Given under my hand and seal of said Court at Nashua, in said County, this 19 day of July A. D. 19 79 .

C. Edward Bourassa
Register of Probate

K N O W A L L M E N B Y T H E S E P R E S E N T S

that I, Charles L. Seavey, of Pelham in the County of Hillsborough and State of New Hampshire, being of sound and disposing mind and memory, do make, declare and publish this my last will and testament, hereby revoking any and all former wills by me at any time heretofore made.

First. I nominate and appoint my wife, Emma Matilda Seavey, of Pelham aforesaid, to be sole executrix of and trustee under this my last will and testament, and request that she be excused from giving a surety or sureties on her bond as such executrix or as such trustee.

Second. I give and devise to my said wife, Emma Matilda Seavey, all the real estate of which I shall die seized and possessed, or to which I shall be entitled at the time of my decease, wherever the same may be situated and however described, to have and to hold the same to her and her heirs and assigns forever.

Third. I give and bequeath to my said wife, Emma Matilda Seavey, the sum of five thousand dollars ($5000.00), also all my live stock of all kinds, all harnesses, wagons, carriages, sleighs and other vehicles of all kinds and descriptions, all my farming tools and implements, and all other personal property used on or about my farm, also all my household furniture, books, pictures, maps, beds, bedding, clothing, ornaments, table ware, kitchen utensils, and all other articles and utensils used in and about my house and other buildings, to have and to hold the same to her and her heirs and assigns forever.

Fourth. I give and bequeath to Hannah A. Merrill, of said Pelham, daughter of Abram and Elizabeth Spaulding, if she shall be living at the time of my decease, the sum of five hundred dollars ($500.00), less the amount of any notes which I shall hold against her husband, Austin T. Merrill, at the time of my decease. If she shall not be then living, said sum is to fall into my estate and pass under the residuary clause of this will.

Fifth. All the rest, residue and remainder of my estate, of which I shall die seized and possessed, or to which I shall be entitled at the time of my decease, I give, devise and bequeath to my said wife, Emma Matilda Seavey, to have and to hold the said rest, residue and remainder upon and for the following trusts and purposes: to keep the same securely invested, and to retain to her own use all the income from said residue and remainder during her lifetime, or until my wife's nephew, William C. Brown, who has lived with and been cared for by my said wife since his infancy, shall attain the age of twenty-one years, if he shall live so long; then and in that event to pay over, out of the corpus of the trust estate, to said William C. Brown, the sum of one thousand dollars ($1000.00). If said William C. Brown shall not attain the age of twenty-one years, then said one thousand dollars ($1000.00) is to be and remain a part of the trust estate; and, after the said payment to said William C. Brown, if he shall attain the age of twenty-one years as aforesaid, to retain to her own use the entire income of the remainder of said trust fund during her life. Provided, however, that if, at any time, the income of said fund, in addition to the income from her own property, including that given to her under this will, shall be insufficient to maintain and support my said wife in as comfortable a manner as that to which she has been accustomed during our married life, then and in that event I authorize and empower my said trustee to use and appropriate such part or all of the principal of said trust fund as may be necessary to her maintenance in the manner aforesaid. If my said wife shall not live until the said William C. Brown shall have attained the age of twenty-one years and the said William C. Brown shall survive my said wife, then and in that event her successor in said trust shall, after the death of my said wife and until the said William C. Brown shall attain the age of twenty-one years, if he shall live so long, pay over as often as once in each year the interest and income of one thousand dollars ($1000.00) of said trust fund to the proper officers of the

Town of Pelham having authority to purchase books for the public library of said town, for the purpose of purchasing such books, and the interest and income of the remainder of said trust fund to the treasurer of the First Congregational Church Society of said Pelham for the purpose of maintaining public worship in said First Congregational Church. If the said William C. Brown shall attain the age of twenty-one years, then the trustee under this will shall pay over to him, out of the corpus of the trust estate, the sum of one thousand dollars ($1000.00). At the death of said William C. Brown before attaining the age of twenty-one years, if he shall survive my said wife, or upon his attaining the age of twenty-one years and after the payment to him of said sum of one thousand dollars ($1000.00), then the trustee under this will shall pay over as often as once in each year the interest and income of one thousand dollars ($1000.00) of said trust fund to the proper officers of the Town of Pelham having authority to purchase books for the public library of said town, for the purpose of purchasing such books, and the interest and income of the remainder of said trust fund to the treasurer of the First Congregational Church Society of said Pelham for the purpose of maintaining public worship in said First Congregational Church. I request the Probate Court for the County in which my will is probated to appoint a trustee to succeed my said wife as trustee after her death.

William C. Brown will attain the age of twenty-one years in July of this present year, and it is my intention, upon his attaining that age, if I shall still be living, to pay him said sum of one thousand dollars ($1000.00). If I shall make such payment, the payment so made by me in my lifetime shall be taken in lieu of the payment of one thousand dollars ($1000.00) to said William C. Brown herein provided for, and in that event my trustee shall not make said payment to said William C. Brown of one thousand dollars ($1000.00), but shall carry out in all other respects the provisions of the trust hereinbefore set forth.

I hereby give to my said trustee and her successor or successors

in said trust full power and authority to invest said trust fund in such securities as she or they may deem best, and from time to time to sell and convey any such securities and reinvest the proceeds thereof, and for such purpose to execute and deliver proper deeds or other instruments of conveyance; and no purchaser from either my said trustee or her successor or successors shall in any event be answerable for the application of the purchase money.

IN TESTIMONY WHEREOF I hereunto set my hand and seal, and declare and publish this instrument as and for my last will and testament, this twenty-second day of March in the year one thousand nine hundred and twenty-one.

Charles L Seavey

Signed, sealed, declared and published by the above named Charles L. Seavey as and for his last will and testament, this twenty-second day of March, 1921, in the presence of us who, in his presence, in the presence of each other and at his request, have hereunto subscribed our names as witnesses.

Based on the information you provided in your e-mail you are correct, any excess income from the Robie fund not used for the Robie Lot can be used for general cemetery maintenance.

Subject: Trust Research Question

Terry:
In researching the Cemetery Trusts, I am in receipt of an attorney's letter RE: Estate of Myron Robie #1998-005, which stipulates:

This bequest is to be used as follows:
"the income therefrom to be used for perpetual care of the ROBIE LOT in said CEMETERY and any unused income annually to be used for the general care of said CEMETERY"

This is somewhat unique to the rest of the trusts and I interpret this to mean that if the Cemetery Trustees specify the amount of yearly funds will be required to maintain the Robie Lot, they can then request the remaining funds for general purposes.,
Is this correct or are there additional restrictions due to the Perpetual Care nature of the trust?

Ed,

This is the Perpetual Care sub account. It was opened on our system in February of 2004 with an initial deposit of $224,614.25. This deposit was made up of 4 amounts:

$202,272.51
$4,659.21
$1,497.53
$16,185.00

Deposits have been made to it regularly and some of the funds were invested in a CD from April 2004 to April 2005.

I show it with a balance of $297,531.38 as of 12/31/07.

Please let me know if you need anything else.

Thanks,

Bev

Bev:
The town is listing on its MS-10 form for the State, a Citizens Account CAP 032655 in the amount of $10,521 at year's end.
Do you have any insight into this account?
I am frantically trying to piece together the whole financial picture for all the trust holding we have. I have all the stocks identified and valued, but have no insight into this account or one at First Essex Bank.
Any information you can provide on the nature of the account, balance, etc. will be appreciated.

Thank you for the response.
Someday when you get a chance, I would like to talk to you and get a briefing on the Citizens/Pelham Trust relationship and how it works.
A tutorial, if you may.
I have a business background and like to be knowledgeable about these types of business arrangements.

Good Morning Ed,

I should have the signature cards ready to send to you via DHL today. I apologize for the delay, but our client services area has been buried in similar requests as this is a very busy time of year for them.

Even if you sign the documents at your meeting tomorrow night, only Laurette would be able to sign the checks as the documents have to be received and processed before you and Cindy can sign checks.

If you need anything else, please don't hesitate to contact me.

Have a great day!

Bev

Ms. Tilley:

I'm the new Chair for the Pelham Trustee of the Trust Funds.
Laurette Guay, Cindy Ronning and myself now comprise the trustees for the coming year.

We have been advised that in order to conduct our business through Citizens, as the depository of the Towns Trust Funds, we will have to execute signature cards for your record.
Would you please forward the necessary cards and other data you believe pertinent to me at my home address at the earliest opportunity.
I am aking you to forward it to my home to expedite the process since forwarding it to the Town, will probably delay receipt and execution.

We have our next meeting scheduled for 2 April and we would like to be in a position to sign any checks pending at that time.

Please feel free to contact me at your discretion if you wish to discuss your services, brief me on the protocols, or just introduce yourself.

My mailing address, e-mail address, and telephone contacts are as follows:
