Review of meeting minutes

Mike Gendreau motioned to approve the minutes with a second from Bob Lamoureux

Discussion of setting up fees for Pelham residence to use the trail system. Some thoughts are to have a family membership rate and a single membership rate. All OHRV will have to have a valid state of NH registration.

Discussion of rules and the potential fines for disobeying the state of NH OHRV rules. The committee is looking to put together a strict rule package.

Brian Johnson joined the meeting and discussed that parks and recs would like to be involved with the committee moving forward. The current focus is to use Raymond park area. 1201 Mammoth rd could be a potential parking area.

Discussion of limitations and restriction on size of OHRV. The committee wants to make this a youth and family oriented park.

Discussion of when the use would be permissible. The committee agreed that Memorial Day to Labor Day would be an acceptable time frame for the park to be open for use. There was also discussion of opening the park in the winter if there was no snow and a frost.

Motion made to adjourn the meeting by Bob Lamoureux with a second from Mike Gendreau.

Meeting adjourned at 7:55

Respectfully,

Jason Croteau
