This is a recreation level soccer program consisting of games and practices involving a high level of physical activity. The program will take place on Saturdays and weeknights at Muldoon Park. Parents are expected to arrange for transportation to and from practices or games for children.

Soccer poses a variety of risks to the children participating because of contact with the ball, other players, the ground and by the strenuous level of activity. These risks include but are not limited to bumps, bruises, cuts, abrasions, broken bones, concussions, heart attacks and even death.

Because of the inherent risks and extensive physical activity involved in the game of soccer, we advise that all children participating be in good physical condition. Any limitations regarding their physical capabilities should be made known to the Pelham Parks and Recreation Department.

Participants must wear soccer shin guards at all times during participation in the Pelham Parks and Recreation Soccer program. It is highly recommended that all participants wear comfortable clothing to allow for high activity such as shorts or sweat pants. Other optional items are kneepads, mouth guards, elbow pads and protective cups and supporters. No prior knowledge or skills are required in order to take part in this program.

Please list any physical or other condition, medications the participant is taking, dietary restrictions, allergies, or other information which may be necessary and helpful to insure participants' health and safety:
