MEMORANDUM

TO: Applicants

FROM: Pelham Planning Department

SUBJECT: Guidelines for Processing Site Plan Applications

The Pelham Planning Department wants to process applications as speedily as possible. We understand the Regulations are complex and often confusing. The Regulations are designed to deal with different situations for large scale developments to simple boundary changes. Therefore, not all Regulations may be applicable to your application.

It is recommended that before you file your application, you discuss your proposal informally with the Planning Director. The Planning Director will review your project conformance with the Town's Regulations and advise you on procedures for obtaining approval. Call (603) 635-7811 for an appointment.

The key to receiving a prompt decision is to have all the necessary information into the Planning Department before the Planning Board meeting. All applications **MUST** be submitted to the Planning Dept **TWENTY-ONE (21) DAYS** prior to the meeting at which it will formally be reviewed. The Planning Director will schedule you for a Public Meeting on the next available agenda. In order to be scheduled, your application must be complete.

We recommend that you meet with the Planning Director when you submit your application to ensure that everything is in order.

Copies of the Regulations are available for your review in the Planning Department and online at www.pelhamweb.com, a copy can also be purchased at the Planning Department.
