

HIGHWAY SAFETY COMMITTEE MEETING

Friday, May 10, 2018

Police Community Conference Room, 14 Village Green

11:00 AM to Noon

AGENDA

1. Discuss letter from NHDOT about their plan to do away with the Main Street crosswalks in the vicinity of St. Pats. We are asked to formulate our opinion, pro or con so the BOS can consider an informed response to NHDOT.
2. Citizen of Field Drive is requesting a speed limit posting and some way to prohibit trucks from turning around in her driveway. This complaint is related to the closed Castle Hill Road bridge seen by the caller as the cause of the trucks turning around. She has also complained about asphalt chunks along the road resulting from plowing activity.
3. Citizen complaint about car speeds coming down Spaulding Hill Road. She is terrified cars will not make the stop before shooting out into Sherburne Road.

Highway Safety Committee meetings are not televised but are open to the public
