

Pelham Forestry Trail Walk Agenda

**Meeting Spot:** The gate and kiosk at the intersection of Lannan and Spring Street Pelham NH

**Date:** Monday November 8th

**Time:** 4pm

Public

Meeting minutes

Start time: 4pm - Adjourn: 4:55pm

**Attendance:**

Paul Gagnon

Charlie Gale

Bob Lamoureux

Chris Gallaher

Linda Irish-Simpson

Nick Spanos

Ray Brunelle

Mary Hathaway

Deb Waters: Advisor

Mike Gendreau: Pelham Conservation Committee

Tim Kennedy: Trail Volunteer

Mike Chadwick: Public Member

## Agenda:

- **We will look at the bridge on this trail. Talk about temporary fixes for this upcoming snowmobile season, 2021/2022 and future plans to rebuild the structure. Perhaps Spring/early summer of 2022**

Bridge was in really bad shape. It was agreed upon to temporarily fix the bridge for the 2021-2022 snowmobile season. Nick and Ray volunteered to pick up the plywood and temp fix the bridge.

Plans to rebuild the bridge Spring/summer 2022. Because the bridge is a public structure, and is a snowmobile trail, the bridge will follow and meet code guidelines. Plans and quotes will be discussed at future forestry meetings.

- **Inspection of the Moose Pond Dam (just beyond the bridge). This Dam needs to be inspected Semi-annually and Annually. We need to appoint a volunteer to this dam.**

Dam looks great. Seems to be holding up and doing it's job. Lots of trash in this area. So much that we will need a truck and manpower. Nick and Ray volunteered to clean this area up by getting assistance from the Border Riders Snowmobile club.

### **Semi-Annual inspection includes**

- A. The embankment vegetation is inspected. The trees or brush that have taken root are removed.**
- B. Any bare or eroded areas are repaired and reseeded.**

### **Annual inspection includes**

- A. Any debris that has accumulated by the spillway, will be removed.**

Nick and Ray volunteered to be the trail adopters for this property. They will look into these laws and to take care of the area in need as trail adopters.

- **Boulders that block ATV action**

Deb Waters will provide a list of all boulder blockers that need to be moved for snowmobile season.

Possibly getting a quote from Mike Taylor

### **Exit notes:**

Next Trail meeting will be held Monday December 6th.

Time 4pm

Place to be determined
