SELECTMEN'S OFFICE

JAN 4 2019

Town of Pelham, NH

Dear Tree Farmer,

New Hampshire Tree Farms are re-inspected periodically to determine if Tree Farm standards have been maintained.

A re-inspection in 2018 of your Tree Farm in Pelham with 155 acres confirms that you have maintained your property according to accepted standards. **This certification is good through 2024, unless chosen sooner as part of the National sample**, at which time your inspecting forester will arrange for your next inspection.

I trust your management efforts will continue well into the future and ask that you please help us "spread the word" about the benefits of sustainable forest management to your friends and neighbors.

If you have additional forest management questions regarding future work on your land or never received a Tree Farm sign contact your Inspecting Forester or the County Forester and they will be happy to serve you!

Sincerely,

Karla Allen, Chair  
New Hampshire Tree Farm Committee

**P.S. A copy of the re-inspection form now filed with American Forest Foundation is enclosed for your records. Be sure to file a copy of this letter with the town office where your Tree Farm is located, if you plan take advantage of the documented stewardship category under the current use assessment law.**

**\*Please make a copy for your own records before providing forms to your town.**

*A program of the American Forest Foundation*
