Subject: Second Egress from Muldoon Park

Darren,

I reviewed the plans for the second egress from Muldoon Park and I wanted to let you know I am very much in support of this critical project. We have had several incidents at the park during peak hours and it is very difficult to navigate emergency equipment there. In addition, the site is a pre determined helicopter landing site, so any relief of traffic flow greatly enhances emergency service delivery. Let me know if I can be of any assistance with this project.

Sincerely,

Chief Walker
